The beach along Beach Plum Island is very narrow. High tides tend to rise to the toe of the dune. Beach Plum Island Preserve is one of the last stretches of undeveloped barrier island in Delaware. Hunting and disturbance of wildlife or vegetation is prohibited. Pedestrians are prohibited in the southern portion of the island also closed to beach vehicles.

Potential closure when nesting birds are present
About Your Surf Fishing Permit

• For more information and updates regarding Surf Fishing Permits, visit destateparks.com/Fishing/SurfFishing

• Surf fishing permits are issued for the calendar year; however, surf fishing permits are not transferable to other persons. Any person using a surf fishing vehicle must have a valid Delaware surf fishing vehicle permit and plate on any vehicle other than the one which the permit was issued and shall be affixed prior to operation on the beach.

• Surf Fishing permits may have additional restrictions that limit access and/or require reservations during peak times.

• Vehicle use on the designated beaches is restricted to persons actively engaged in surf fishing. Operation of a permitted surf fishing vehicle on the beaches administered by the Division of Parks and Recreation other than traveling to and from fishing areas for the express purpose of surf fishing is prohibited.

• “Actively engaged in surf fishing” means a person is taking all reasonable and necessary actions to maximize the probability of hooking and landing game fish by rod, reel and line attached to a baited rig, artificial lure or artificial fly. Persons are also actively engaged in surf fishing when they are within 50 feet of their fishing equipment and are tending, casting and recasting their fishing equipment.

• Any permitted surf fishing vehicle parked for any period of time on state park beaches without one or more persons who arrived in the vehicle being actively engaged in surf fishing is prohibited.

• The use or operation of any vehicle whatsoever on, over, or across state park sand dunes is expressly prohibited, except when displaying a valid Delaware surf fishing vehicle permit and crossing dunes at authorized dune crossings, which are designated and maintained for that purpose.

• No vehicle shall be driven through, over or upon any beach area that has been posted as an endangered and/or protected species bird-nesting area.

• Prior to driving onto Delaware’s state park beaches, ALL surf fishing permit holders are required to watch the DNREC Division of Parks and Recreation Surf Fishing Instructional video at destateparks.com/Fishing/SurfFishing

• The use of mechanically-propelled bait or line casters is prohibited on all surf fishing beaches.

• Dogs are allowed in all surf fishing vehicle areas, but must be under control and on a leash not to exceed six feet in length.

• In addition to giving access to designated beach areas, the surf fishing permit also allows free entry to day areas in most Delaware State Parks.

Driving on State Park Beaches

• Surf fishing vehicles must be equipped with a shovel, jack, tow rope or chain, board or support for the jack, and a low pressure tire agent, free of charge.

• The Carry-In, Carry-Out program is in effect in all surf fishing areas. Trash receptacles are not provided, remove all of your trash and dispose of fishing line properly.

• The permit fishing vehicle permit serves as the vehicle operator’s fishing license when fishing in designated Delaware State Park surf fishing areas. In addition, the permit is required to obtain a free Fishermen’s Information Network (FIN) number annually. All other anglers (unless license exempt) must obtain a valid fishing license issued by the Delaware Division of Fish & Wildlife which includes a free FIN number. License exempt anglers age 16 and older must obtain an annual FIN number to fish in Delaware waters. FIN numbers are available at de.gov/permitholding or at a state licensing agent, free of charge.

• Surf fishing areas are subject to closure at any time in the event of weather conditions (high tides, coastal storms, etc.). Surf fishing vehicle areas may be limited or closed when such action is deemed necessary for protected environmental, protection of flora, fauna and their habitats, or when it is in the best interest of the health, safety, and general welfare of visitors.

• In order to protect fragile plants and grasses that stabilize the dunes, and to leave nesting or fledging shorebirds undisturbed, people, pets and vehicles are not allowed on the dunes in bird-nesting areas. Only designated crossings may be used to cross the dunes. Violations are subject to fines.

• Designated surf fishing beaches are open for other recreational activities. Surf fishing vehicle operators must be exercised when sharing the beach.

• The beach ecosystem is very important and must be protected. Any damage done to the dunes should be reported to the nearest park employee.

Other Important Information

• Various surf fishing permits are required to fish for various species and limits (please visit de.gov/surfpermits for more information).

• The Department of Natural Resources and Environmental Control is committed to affirmative action, equal opportunity and the diversity of its workforce.

• Other actions that may be taken, the permit and plate will be confiscated and held as evidence.

Surf Fishing Safety

• Operating a vehicle without a current surf fishing permit and plate on state park beach areas or dune crossings is prohibited.

• Driving on swimming and surfboarding beaches during summer season day-use hours is not permitted. The permit does not give the right to access other state or private beaches not owned or administered by the Division of Parks and Recreation.

• The owner’s copy of the permit receipt shall be available for inspection at all times when the vehicle is being operated on beach areas.

• Loaning a surf fishing vehicle permit or plate, or using or attempting to use a surf fishing vehicle permit or plate on any vehicle other than the one it was assigned to is prohibited. In addition to other actions that may be taken, the permit and plate will be confiscated and held as evidence.

• The use or operation of any vehicle whatsoever on, over, or across state park sand dunes is expressly prohibited, except when displaying a valid Delaware surf fishing vehicle permit and crossing dunes at authorized dune crossings, which are designated and maintained for that purpose.

• No vehicle shall be driven through, over or upon any beach area that has been posted as an endangered and/or protected species bird-nesting area.

• In addition to giving access to designated beach areas, the surf fishing permit also allows free entry to day areas in most Delaware State Parks.

Violations and Fines

• The owner of the permit is responsible for any actions taken by those using the permit. Violation of the rules and regulations may result in a fine of $50 to $250 for a first offense and $100 to $500 for a second offense. Violators will be cited and permits may be revoked if state park regulations are not followed.
