MESSAGE TO ALL HUNTERS:

- Please be careful, discrete and considerate around other park visitors. Understand that many park patrons are NOT hunters and some may feel threatened by your presence.
- Deer remain in moderate numbers in the park. By hunting in Lums Pond, you are a vital part of our “deer management team”.
- Proper management of Lums’ deer herd is simple: we must harvest does and let more yearling and button bucks walk away to balance the herd’s sex ratio to increase the number of mature males. Make a proper management decision before you shoot.
- Have a safe and successful hunt.
