

Environmental Stewardship Intern

DELAWARE STATE PARK INTERNSHIP PROGRAM

CLICK HERE TO APPLY: [2021 Delaware State Parks Internship Program Application](#)

DESCRIPTION

Explore and help preserve natural communities and habitats in Delaware State Parks through restoration field work. Under the leadership of our Environmental Stewardship Program staff, you will serve as part of a team restoring natural habitats in our Northern Piedmont and Southern Coastal state parks, specifically through manual removal and chemical treatment of invasive plants. Serve alongside other interns with like interests and backgrounds. This position is fully outdoors in the fields, forests, meadows, dunes, beaches, and other habitats that make up our beautiful parks. Extensive training includes native and invasive plant identification, forest ecology, and practical control mechanism - both manual and chemical. Interns are crucial to our management plans. Teams meet at central location and are provided transportation to work site, if required.

LOCATIONS

A northern team will meet at White Clay Creek State Park and work primarily in Division of Parks and Recreation managed land in New Castle County. Cape Henlopen State Park will be the base of the southern team and they will primarily work in land managed by the Division of Parks and Recreation in Kent and Sussex Counties.

TERM Summer – 12 weeks – Full Time 35-40 hours per week

RESPONSIBILITIES

- Follow a land management plan to maintain the park's natural plant communities and habitats
- Assist with native and invasive plant survey and identification
- Conduct invasive control by both chemical application and mechanical removal of invasive plants
- Other duties as assigned

REQUIRED SKILLS

- Must be able to work flexible hours, including some weekends
- Valid driver's license
- Strong work ethic
- Ability to perform hard physical outdoor work in various conditions
- Willingness to operate power tools and use herbicide
- Basic knowledge of local flora and fauna
- Comfortable in outdoor field setting (forest, fields, along creeks)

- Must be at least 18 years of age
- Ability to work alone with little direct supervision

DIRECT SUPERVISOR

The direct supervisor will be the Environmental Stewardship Program Team Leader, followed by the Environmental Stewardship Program Planner and Environmental Stewardship Program Manager.

BENEFITS

- **Training:** A hallmark of the program, interns receive training from the field experts they will be working with. In addition to this formal and informal training to successfully conduct their internship assignment, interns will have the opportunity to build associated skills and share real-time experience with park staff and colleagues. Training will be made available to the interns to further their personal and professional development.
- **Housing:** Limited co-ed housing is available, at no fee, for interns providing full-time hours (30 or more per week). If selected for housing, an intern will share a house, duplex or dorm facility with other interns.
- **Activities:** Interns will have the opportunity not only to visit ALL Delaware State Parks at no fee, but also participate in many of the tours, programs, and associated events for free. Delaware State Parks span the length of the state and whether it be canoeing at Trap Pond State Park, surfing at Delaware Seashore State Park, attending a concert at Bellevue State Park, or touring the living history facility at Fort Delaware, there is certainly something for everyone.
- **Stipend Available:** Interns are not employees of the State of Delaware- they are considered volunteers and are not paid for their service. Interns may elect to receive a stipend to help cover expenses incurred during their volunteer intern service. The stipend is a fixed amount of \$100 per week for service of 30 or more hours per week or \$50.00 per week for service of between 20 – 29 hours/ week paid biweekly as a direct deposit into the Intern’s bank account.
 - The stipend is not a wage, but does count toward the total income on which the intern’s tax obligation is based. Interns electing to receive the stipend will complete IRS Form W-9 Request for Tax-Payer Identification as self-employed and will receive a Form 1099 at the end of the year that reports the amount of income from the stipend. No taxes are withheld from the stipend.

All Delaware State Parks Interns are required to undergo and successfully complete a background check performed by the Division.
