The Bicycle Trail begins outside the park at the intersection of Route 13 and Killens Pond Road. Trail users will parallel Killens Pond Road passing Lake Forest High School and the Main Park Entrance before turning into the park. The Bicycle Trail is relatively flat with a paved or crushed stone surface. Users will pass the Park Office and connect with the Sports Complex and the Water Park.

Pondside Trail

</tbody>
</table>

The Pondside Trail offers an easy to moderate hike over a packed earth surface with many side connector trails linking to views of the pond. The trail traverses mixed hardwood forests and provides opportunities for wildlife observation. Connecting trails lead to viewpoints and fishing spots at the pond’s edge.

Cross Country Course
