**Trail Descriptions**

**Little Jersey**
Trail Width: Avg 8 feet Min 6 feet
Surface Type: Packed Earth
Surface: Crushed Stone
Trail Grade: Avg 2% Max 11%
Accessible: Yes

The Little Jersey loops around the park through forests and along field edges providing visitors with a full appreciation of the park’s natural beauty. The packed earth surface is wide enough to accommodate shared-use among hikers, bikers, and equestrians. Visitors can access the trail across from the Nature Center, at the Buck Jersey Road Parking Lot, or the boat launch off Red Lion Road. Please remember hikers and bikers must yield to horses.

**Swamp Forest**
Trail Width: Avg 3 feet Min 2 feet
Surface Type: Packed Earth
Surface: Crushed Stone
Trail Grade: Avg 2% Max 10%
Accessible: No

The Swamp Forest Trail loops through forested wetlands of black cherry, sweet gum, and maple. Hikers will experience a packed earth and crushed stone trail that traverses gentle terrain with many elevated boardwalks and bridges. The trail links the campground, boat launch, disc golf course, dog training area, nature center and picnic areas.

**Whale Wallow Loop**
Trail Width: Avg 5 feet Min 5 feet
Surface Type: Boardwalk
Trail Grade: Avg <1% Max 1%
Accessible: Yes

This 0.1 mile boardwalk trail is accessible from behind the Nature Center. The trail provides a sensory experience of the natural world.

**Mile Loop Trail**
Trail Width: Avg 5 feet Min 3 feet
Surface Type: Packed Earth
Trail Grade: Avg 2% Max 10%
Accessible: No

This one mile packed earth loop trail is accessible from the Area 4 picnic pavilion.
